

Energy Workforce & Technology Council is the national trade association for the global energy technology and services sector, representing more than 600,000 U.S. jobs in the technology-driven energy value chain. Energy Workforce works to advance member policy priorities and empower the energy workforce of the future.

EMPOWERING THE ENERGY WORKFORCE OF THE FUTURE

We are transforming energy by giving our members the tools, information and representation they need to boldly enable a low-carbon future – safely, profitably and sustainably. We connect, educate, support and advocate for energy companies and workers of today and tomorrow. Our foresight and expertise elevate our industry with governments, industry partners and communities around the globe. And we foster innovations that will shape our industry and improve our changing world.

MEMBERSHIP:

Corporate memberships are available in two categories – Industry and Allied. Industry Members are wellsite service and supply companies and manufacturers, with at least 50% of its sales in the drilling, production, refining, and/or pipeline segments. Annual dues are based on dollar volume sales. Allied Member companies supply services, products, or equipment to industry members of the Association.

LEADERSHIP

Energy Workforce's Board of Directors and Advisory Board are comprised of experienced industry executives dedicated to advancing priorities of the services and equipment sector.

Energy Workforce Committees manage a range of programs designed to educate, empower and elevate sector professionals and collective member companies.

Active engagement with Energy Workforce committees is an opportunity for professionals at all levels and their companies to show leadership, network with other industry leaders, and gain recognition for helping improve the industry.

Energy Workforce provides more than 150 meetings, events and programs throughout the year facilitating face-to-face exposure, best practices, training and networking with customers and peers.

ADVOCACY

Energy Workforce is a strong advocate for our members by working toward fair and free trade practices, balanced regulatory measures and increased access to onshore and offshore resources.

PROGRAMS/ EVENTS

Based on our mission to advance our industry and those within it, Energy Workforce offers a range of relevant programs designed to educate, empower and elevate its individual members and Member Companies. Our goal is to equip current and future leaders with the tools they need to grow and evolve the energy industry, enhance its reputation and position it as a driver of the global economy.
