

# Energy Workforce & Technology Council

## Revolutionizing Your Credit Reporting Experience

### INTRODUCING THE FUTURE OF CREDIT REPORTING FOR THE ENERGY SECTOR

As the energy industry continues to innovate, so does Energy Workforce's Credit Program. We are proud to introduce **Energy Workforce CreditLine** – your gateway to a seamless, advanced and unparalleled credit reporting and accounts receivable platform solely dedicated to Energy Workforce & Technology Council Industry Members.

### WHAT'S NEW?

- **Expanded Database:** Access an extensive database that contains your information along with CashLine's extensive library of credit history, providing you with unparalleled insight into the oil and gas sector.
- **Unlimited Credit Reports:** No more per-report charges! Users will now receive unlimited access to credit reports without worrying about additional costs.
- **File Submission Discount:** It is no longer mandatory to upload your own submissions into the database. However, members enjoy a 10% discount on membership fees by submitting their credit reporting. We value your participation!
- **Customized Dashboards:** Gain exclusive insights with a personalized analytics dashboard tailored to your information. Your data, your insights!
- **Anonymous Reporting:** New privacy safeguards. The new reporting feature ensures anonymity, fostering a collaborative environment without revealing individual contributors.

### Membership Simplified

**Flat Fee Structure:** Say goodbye to complex billing. Enjoy a flat fee based on revenue bands used for Energy Workforce membership – a simpler and cost-effective solution.

→ **Demonstrations of the platform are now available.**

**Contact Director of Operations Roni Ashley today to schedule your demo or learn more.**
